### **Media Ingenuity expands offices**

Media Ingenuity's continuing growth has necessitated taking more space at Gensurco House in Exmouth Market. The Group has taken space on the 2nd floor giving room to expand the workforce by at least a further 70%. Managing Director Adam Quint commented "we're lucky to be able keep expanding the business at our current address. We're continuing to add personnel at a rapid rate as the business continues its diversification". Recent joiners are Paul McGowan joining the development team and Maddy Cross who joins as a display media specialist. Zoe Smith will also join the marketing and media team at the end of July.
